TRIBUTE TO IRISH

BY REV. FR. MACLEOD SHOULD MAKE OTHERS ENVIOUS.

THEY ARE GENTLEMEN

His Lecture, "The Legacy of Worth," Abounded in Keen Wit and Humor.

The Rev. Fr. MacLeod spoke a tribute of the Irish that should make other nationalities envious, at the Empire theatre Tuesday evening. He said that the Irishman is a gentleman the world over in every sense of the term and that it seemed to him that for decades the world had hurled everything that could be called bad at the Irish and yet they are the most gentlemanly gentlemen and the most womanly women you will find anywhere. He asked his audience individually to notice how many Irish women had fallen from chastity. He said that the time to teach our children the pathway of purity was from the cradle up and not wait until it had reached the age of maturity.

His lecture, "The Legacy of Worth," abounded in keen wit and humor and yet the greater part of it was of a serious nature. The lecture was built around the three principals suggested by the words, sacrifice, patient endurance and trust. Each sentence was laden with a message and carried conviction. The lecture merited a larger audience than that which greeted the speaker but the lack of numbers was attributed to the scarlet fever.

News of Society and Womens' Clubs

No Lodge Meeting.

On account of the Mayor's proclaimation in regard to the scarlet fever Alert Rebekah lodge will not hold its usual meeting.

Royal Neighbors Postponement.

The Royal Neighbors have indefinitely postponed their meeting for Thursday afternoon.

Postpone Class Party.

The class party for the W. W's. of the First M. E. Church Sunday School that was to have been given Saturday afternoon at the home of the teacher, Mrs. Emmet Scott, has been postponed indefinitely.

Their Guests for Lecture.

Mr. and Mrs. John Allen of Conception, came to Maryville Tuesday to hear Father MacLeod's lecture at the Empire theatre Tuesday night, also his sermon at St. Patrick's catholic church at 10 o'clock Tuesday morning commemorating St. Patrick's day. They were the guests at the home of Mr. Allen's sister, Mrs. William Doran, until Wednesday morning. They were accompanied home by Mr. Allen's niece Miss Katherine McAuliffe, of Huron, Kan., who had been visiting at the Doran home. She will also visit her sister, Mrs. Will Heekin, of Conception.

Miss Amy Young Married.

A newspaper of Carrington, N. D., contains the announcement of the marriage of Miss Amy Young, a daughter of Mr. and Mrs. Reuben Young, of Maryville, and Mr. Will H. Aiken, on February 4 last, at Carrington. Mr. Aiken is manager of the New Era Life Insurance company, with headquarters at Escanaba, Mich., and they will make their home there. Mrs. Aiken went to North Dakota four years ago and attended the business college at Fargo, and was employed in Carrington and Kenmare as a stenographer.

Surprise Party for Her.

Elizabeth Hillard, the three-year-old daughter of Mr. and Mrs. Albert Hillard, was very much surprised Tuesday evening, St. Patrick's day, when her grandmother, Mrs. Elizabeth Hillard, gave a surprise party for her at her home on South Mattie street, to observe her birthday anniversary. A number of Elizabeth's little friends who go to school, were at Mrs. Hillard's home to greet her upon her arrival. A lovely time was enjoyed by every one, the grandmother joining in the various games played. Popcorn and candy were served, when several presents were given Elizabeth, among them a pretty new dress, a pair of new shoes and beautiful hair ribbons. Some of those bidden to the party were afraid to come on account of the scarlet fever scare. Those present were Myrtle Frost, Vernie Kelley, Mattie Sharp and Mrs. John Sharp and her two children from Idaho, who are visiting here.

A Surprise on the Robinsons.

A very pleasant surprise was successfully planned and carried out Friday evening March 13, in honor of Mr. and Mrs. A. R. Robinson at their beautiful home five miles northeast of Maryville. The day was Mrs. Robinson's birthday anniversary, but was a complete surprise on both of them. Excellent music was given on violin and guitar by Roy and Louis Schulte, of Fort Madison, Ia., who are guests at the Stein home. Also Mr. and Mrs. Robinson gave several selections, both vocal and instrumental. Various games were played and a dainty luncheon was served at a late hour. The guests departed assuring Mr. and Mrs. Robinson that they had spent a very pleasant evening and wishing Mrs. Robinson many more happy anniversaries. The guests were Misses Cecile Fisher, Mabel Graham, Bertha Fanning, Jessie Fisher, Marie Sherlock, Clara Stein, Pearlina Fanning, Messrs. Francis Sherlock, Lewis Schulte, Ray Taylor, Will Stein, Roy Fanning, Roy Schulte, James Fisher and Fred Wrightman.

A Surprise Party.

The members of the Centenary Sunday School met and pleasantly surprised Mr. and Mrs. Thomas Walton and family Sunday, March 15. Soon after the young folks had arrived home from Sunday School and while their attention was given to their sister and family, who had come from Skidmore during their absence, about sixty of the Sunday School members drove into the yard with filled baskets and this was the first Mr. Walton's folks knew of their intentions. Those present were Mr. and Mrs. Thomas Walton and family, Mr. and Mrs. A. J. Cross and daughter, Mary, of Skidmore; Mr. and Mrs. N. B. Shrewsbury and son, Ralph; Mr. and Mrs. I. D. Tarpley and daughter, Lucile; W. A. Reed and family, Mr. and Mrs. F. C. Kelley, Mr. and Mrs. Sam McGinness and family, Mr. and Mrs. Lester Linville and son, Lee Douglas; Mr. and Mrs. Ed Sharp and family, Mr. and Mrs. Roy Slawson and daughter, Bessie Lee, Mr. and Mrs. Clarence Hammond and family, Mr. and Mrs. J. J. Thompson, Mr. and Mrs. W. D. McDonald and family, and the Misses Eula Strader, Sallie McDonald, Laura McDonald, Mary Woodward, Ora Lee Hammond, Litha Turpin, Mrs. Ellen Eslinger, Mrs. John Heaton, William Cole, of Elmo; and Elmer Davis, of Lower Elkhorn. This was one of the social gatherings for which Centenary is noted.

Re-elected President.

H. L. Raines was re-elected president of the state jewelers' association which was in session in Kansas City on Monday and Tuesday. The next convention will be held in St. Louis.

A marriage license was issued to Theodore A. Boyer, of Maryville, and Ona Genevieve Woodard, of Arkoe on Tuesday afternoon.

LIABLE TO LAW

THOSE WHO DO NOT REPORT THE CASES OF CONTAGIOUS DISEASES

SUBJECT TO PENALTY

Dr. Leslie Dean, County Physician, Says That He Has Found That Many Are Not Reported.

Dr. Leslie Dean, the county physician, when approached Tuesday by a reporter, in regard to the scarlet fever scare, said that in the past three months he had between fifty and seventy-five cases of scarlet fever reported to him from the south and east part of the county, which he has visited at regular periods to perform his duties in regard to them.

In the last few days, however, he has found tha there are probably as many cases as he attended to that were not reported to him, the families evidently preferring to keep their affliction to themselves to escape quarentine. These parties are not aware of the fact, of course, that they are placing themselves liable to the law in not reporting such cases to the county or the city physician, that the public may be protected and the patient receive the proper care. Physicians and school teachers are especially required by the state board of health to report all contagious diseases they know of.

BRADLEY FUNERAL TUESDAY.

Brief Services Held at 2:30 in the Afternoon in Miriam Cemetery by the Rev. S. D. Harkness.

A brief private funeral service was eld in Miriam cemetery at 2:30 o'clock Tuesday afternoon for Mrs. Glade Bradley, who died Monday morning of scarlet fever. Rev. S. D. Harkness, of the First Presbyterian church, conducted the service.

ONLY ONE NEW CASE

ALL OF THEM ARE MILD CASES OF SCARLET FEVER

PUBLIC PLACES CLOSED

All Church Services to be Put Off—Four Families in the City Under Quarantine.

There is only one new case of scarlet fever in the city, being reported late Tuesday afternoon to city physician, Frank C. Wallis. It is the case of Forest Gooden, son of Mr. and Mrs. Cooper Gooden, on east First street. The family has been quarantined. There were no new cases reported up to press time this afternoon and it is thought that with taking the necessary precautions that the scare will soon be over.

Three other families in the city are under quarantine. They are John Gray, Bert Harrison and M. H. Pearson. Dennis Morrissey, who lives near the city, is also quarantined.

All of the cases seem to be mild and none of the patients are in a critical condition.

The Central school building and the Jefferson ward school building will be fumigated Thursday, so the school board decided at a meeting Tuesday night. The Garfield and Franklin schools were fumigated last week.

The public library commencing today will remain open but will not receive or let out books during the scarlet fever scare.

All public meetings, the picture theatres and other meetings, will be closed for a period of ten days or until such a time as in the opinion of the city physician the places may be opened without endangering the public health.

Every precaution is being taken that is necessary and there is no danger whatsoever for the traveling public in passing in and out of our city.

There will be no prayer meetings this Wednesday night at any of the churches, and no other meetings pertaining to church affairs will be held until such a time as Mayor Robey sees fit to release our citizens from their obligation in this matter. This statement comes from Rev. S. D. Harkness of the ministerial alliance.

President Richardson and Professor Rickenbrode, of the Normal, went to St. Joseph Wednesday morning to attend the board of regents meeting, and it will be known tomorrow what action was taken by the board in regard to closing the school. At present the students are receiving their lesson assignments individually and studying their lessons at their homes, in order to keep up with the schedule.

The quarantine has been lifted from the home of Jim Andy Ford, whose daughter, Mrs. Glade Bradley, died of scarlet fever Monday morning following a week's illness. It was not known that she had the fever until last Thursday evening. The house has been thoroughly fumigated and everything done in regard to clothing and bedding as is done when a case is pronounced cured.

Professor R. L. Denning, of St. Joseph, visited in Maryville Sunday and Monday with his parents, Mr. and Mrs. David L. Denning. Mrs. Denning, who had been here several days accompanied him home.

Miss Leola Frede, Miss Ora LeGrand, Miss Verna Cort, Miss Lois Wiley, all out of town high school students, went to their homes Tuesday on account of the closing of the schools.

Jesse and Estil Beaver, of Burlington Junction, were in Maryville Wednesday.

"TIZ" FIXED MY SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning feet of yours in a "TIZ" bath. Your toes will wiggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel all tired out—just try "TIZ." It's grand—Your feet will dance with joy; no more pain in corns, callouses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store, don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Died at Clearmont.

O. G. Baughman, of Clearmont, who was for several years the station agent for the Burlington railway at that place, died Tuesday evening following a ten days' illness of uremic poisoning He was 63 years old and had lived in Clearmont 25 years. The funeari services will be held Friday afternoon at the M. E. Church. Mr. Baughman is survived by his wife and a daughter, Miss Mina. He had been in the restaurant business in Clearmont for several years past.

Burlington Junction Man Dead.

David Oldham, of near Burlington Junction died Thursday afternoon. He was a bachelor and lived with his mother and two brothers. The funeral services were held Wednesday afternoon.

Mission Circle Postponed.

The Mission Circle of the First Christian church, which was to meet Saturday, March 21, at the home of Mrs. Albert Swann, has been postponed until their regular meeting in April, in which the March and April programs will be combined. The April meeting will be held with Mrs. George P. Wright.

WILSON O. K.'S TRUST BILLS

President Approves Substance of Four Measures Submitted.

Washington, March 17.—At a conference with the house judiciary subcommittee on trusts, President Wilson put the stamp of administration approval on the substance of the four bills to amend the anti-trust laws, to strength the Sherman law, covering interlocking directorates, holding companies, trade relations and definitions of restraints of trade. The bill will be reported to the house within a fortnight. The bills were submitted in a practically final form.

President Wilson indicated his belief that it would be better to consolidate all the bills into one in order to expedite legislation. The senate interstate commerce committee is understood to favor consolidation. That it will be effected by the house judiciary committee seems practically certain.

The president insisted that personal guilt of individuals in control of corporations should be prescribed in every bill in order to break up the evils that have grown up under the present anti-trust laws. The committee will revise the bills with this in view.

MARTIAL LAW ALONG BORDER

Proclaimed as Result of Raid at Tecate, Cal.

THREE MEXICANS THE SLAYERS

United States Currency and Three Other Brands of Money Circulate in Territory Controlled by the Constitutionalists.

San Diego, Cal., March 17.—Martial law has been proclaimed along the border for miles each side of Tecate, Cal., following the destruction by fire of the general store containing the United States postoffice and customs office and the murder of Frank Johnston by three men declared to be Mexicans.

Every man within a radius of ten miles of Tecate is fully armed and rifles and ammunition have been ordered from this city.

Governor Hiram W. Johnson was asked to make a formal demand upon Governor Vasquez of Lower California for the delivery of the Mexicans suspected of having killed Johnston.

Anti-Mexican feeling is aroused to fever heat in the vicinity of Tecate.

Rebel Force Routed With Heavy Loss.

Laredo, Tex., March 17.—Decisive defeat of a column of constitutionalist troops, en route, it is believed, to take part in the proposed attack on Monterey, Mexico., at Bustamente canyon, is reported in official advices received at federal headquarters at Nuevo Laredo. The rebels were utterly routed, according to the dispatch, with a loss of about 500 men killed, captured or wounded. The federal losses was not stated. Bustamente canyon is about midway between Laredo and Monterey.

Four Kinds of Money.

Douglas, Ariz., March 17.—Four kinds of money are circulating now in the Mexican territory controlled by the constitutionalists. These are United States currency, the fiat issues of the constitutionalist government, Sonora state and "Villa money," or that issued by Chihuahua at the instance of the rebel military commander. United States money takes precedence in value.

None Apprehended.

Washington, March 17.—Members of a Mexican railroad construction gang killed Postmaster Frank V. Johnston and burned the postoffice at Tecate, Cal., according to a report to the war department. None of the men has been apprehended.

CANADA WILL CUT DUTY

Reduction on Farm Implements May Go Into Effect April 1.

Winnipeg, March 17.—It was reported here that the Canadian government, when the annual budget speech is delivered this month in Ottawa, will announce a substantial reduction in duties on agricultural implements. It is understood the duty on binders, reapers and mowers will be reduced from 17½ to 10 per cent, and a corresponding cut made in duties on other farm implements. Strong pressure is being brought to bear on the government to make a duty of 10 per cent on all farm implements. The reduction, if ratified, will go into effect April 1, and will greatly encourage the sale of United States implements in western Canada.

WRECK PROBERS DISAGREE

Men Investigating Monroe Disaster Each Blames Different Captain.

Philadelphia, March 17.—The board of steamboat inspectors rendered a divided opinion in the trial of Captain Osmyn Berry, charged with negligence in the collision with the steamer Monroe, in which forty-one persons lost their lives. One member of the board exonerated Captain Berry and found Captain Edward E. Johnson of the Monroe guilty of "incompetency, negligence and inattention to duty." The other member of the board found Berry guilty, as charged, and recommended that his license be revoked.

The next move in the case will have to be taken by the department of commerce in Washington.

Thirtieth Body Taken from Clubhouse.

St. Louis, March 17.—The thirtieth and what is believed to be the last body was removed from the ruins of the Missouri Athletic club. The body was identified as that of William A. Hunicke, a civil engineer. The bodies of Mark Hammer of St. Louis and Thomas E. Shyne, a typewriter salesman, were identified.

Doctor Knocks Down Suffragette.

Glasgow, Scotland, March 17.—Dr James Devon, prison commissioner for Scotland, when attacked by an irate militant suffragette armed with a dog whip, took the law in his own hands and knocked his assailant down with a well aimed lefthand blow.

Henry Dorman, 115 Years Old, Dies.

Liberal, Mo., March 17.—Henry Dorman, 115 years old, died at his home here. He served in both the Mexican war and the civil war. Family records showed he was born in Steuben county, New York, Jan. 10, 1799.

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or If Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

SECOND DISASTER AT ST. LOUIS

Wall of Club House Ruins Falls Through Building.

St. Louis, March 18.—Carried down by a thirty-mile wind, the west wall of the Missouri Athletic club building which was destroyyed by a fire in which thirty persons lost their lives a week ago, crashed through a four-story building occupied by the St. Louis Seed company.

The bodies of three men have been removed from the debris, the body of a woman still was believed to be buried under the wreckage, twelve persons were injured and several workmen who were in the building just before the collapse are still unaccounted for.

The dead: William Davidson, C. R. Gryder and an unidentified man.

BAGGAGE AGENTS MEET

Try to Hasten Day When Trunk Smasher Is No More.

Kansas City, March 18.—The traveler's trunk may soon be delivered at its destination whole and bearing a minimum number of dents if discussions begun before a two days' conference of the Western Association of General Baggage Agents here have the desired effect. Primarily it is the problem of how to avoid damage claims and improve the service that brings together the general baggage agents of most of the railroads west of Chicago.

George L. Alley, general baggage agent of the Union Pacific at Omaha, who presided over the meeting, said the old-fashioned baggage smasher who took delight in wrecking trunks had gone to join the dodo and other extinct animals, but that despite this there still remained room for improvement in the baggage service.

FRAIL WEAKLY CHILD

Made Strong by Vinol.

So many cases like this are coming to our attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter:

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

This is because the child needed the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Jackson---First Among Comfortable Cars and Why

The big demand of the year, as you know, is for comfort.

The Jackson, as you also know, has always been a comfortable car.

So we believe we are justified in saying that this year, more than ever before, the Jackson stands first among such cars.

It is natural that it should, because of our long experience in designing cars for comfort as well as for the other essentials.

This experience covers eleven years, as applied to the automobile; and reaches two decades farther back, into the carriage industry.

There we learned the value of full elliptic springs—so we use four on every Jackson model.

There we learned that high seat backs and soft cushions are easiest riding; so Jackson seat backs are shoulder high, the cushions 10 inches thick and inclined a bit toward the rear.

Long wheelbases have been Jackson features for years. They make a car ride easily. So do large wheels and tires.

Just the right weight and its correct distribution, enough power and a reserve; a silent power plant, and driving mechanism highly perfected.

These are some of the things our engineers contribute to the comfort of Jackson cars.

Self-starters, electric lights, demountable rims—with their convenience — and the last touch to complete the satisfaction of Jackson ownership.

We shall be glad to demonstrate all these features for you if you will write us or call at our garage.

MRS. GOELET IS GRANTED DIVORCE

Society Woman Alleges Cruel and Abusive Treatment.

Newport, R. I., March 18.—On the ground of cruel and abusive treatment, Mrs. Elsie Whalen Goelet, prominent in society circles of New York and this city, was granted a divorce from Robert Goelet. By mutual agreement, the terms of which were not made public, both are to have the custody of their older son, Ogden, aged six years. The mother is to keep Peter, aged two years, their only other child, until he is six years old, when she is to share the custody of the child with the father.

Neither Mr. nor Mrs. Goelet was in court and the suit was uncontested. All the testimony was by depositions, which were read in tones so low as to be barely audible.

REPORT ON RAIL ACCIDENTS

Material Decrease Shown in Number Killed in Train Mishaps.

Washington, March 18.—A decrease in the number of train accidents and in the number of people killed and injured in such accidents was shown by the interstate commerce commission bulletin for the quarter ending Sept. 30, 1913.

During the quarter, 211 were killed and 4,011 injured in train accidents, a decrease, as compared with the corresponding quarter of 1912, of seventy-seven killed and 587 injured.

An increase of 135 killed and of 1,904 injured was shown in "other than train accidents," including accidents to employees while at work, to passengers getting on or off cars, to trespassers and others, the total being 2,830 killed and 19,753 injured.

HOT FIGHTING AT ESCALON

Federals Meet Rebel Army 100 Miles North of Torreon.

GENERAL VILLA HARD PRESSED

Bare Facts of Important Engagement Contained in Telegram of Fifteen Words to Juarez—Battle Waged All Day Long.

Juarez, Mexico, March 18.—Furious fighting, with the rebels hard pressed, is reported here. A force of federals is said to have met General Villa's army at Escalon, an important railroad town 100 miles north of Torreon, and both sides having been reinforced, the battle is said to have raged fiercely all day.

It is reported that the federals, whose numbers are not known, moved out of Torreon in two detachments, pursuant to orders from Huerta.

One detachment is said to have moved over the plains west of the railroad, with the mountains between it and the road, while the main body went directly by rail to Escalon. The eastern detachment evidently was trying to get in General Villa's rear, as it was moving in the direction of Jiminez, which is fifty-five miles north of Escalon.

General Urbina of the constitutionalists had been posted at Rosario, to guard against just such strategy, and is said to have encountered the advance guard of the federals at or near that city, which is about ten miles west of Jiminez.

He is said to have been outnumbered and to have telegraphed in an alarm for more men and artillery.

The main battle at Escalon, apparently nicely timed by General Villasco, the federal commander, to occur after reinforcements had been detached to assist General Urbina, is believed to have begun.

No details are available. The bare facts of an important engagement were contained in a telegram of only fifteen words.

The Saragoza brigade of 1,300 veterans, under General Aguirre Benavides, encountered the federals at Escalon and is reported to have been pressed back. This is believed to account for the sudden departure from Chihuahua of General Francisco Villa, the rebel commander in chief. He gave his staff one hour's notice and then departed on a special train.

It is assumed that General Villa brought up reinforcements and that the battle was renewed with increased vigor.

The rebel troops have been moving south from Juarez and Chihuahua and closing in from other directions for a month. Rebel leaders have laid claim to as high as 25,000 men, but 12,000 is regarded as a closer estimate.

Refugees from Torreon in the last two weeks have placed the federal force under General Villasco at 7,000 to 9,000.

WRIT GRANTED PRISONERS

Case of Mexicans at Fort Bliss to Be Argued March 23.

Fort Worth, Tex., March 18.—Judge Edward Meek, in the federal district court here, granted a writ of habeas corpus on behalf of the 5,000 Mexicans held as prisoners by the United States government at Fort Bliss, El Paso.

The writ is returnable at Pecos, Tex., March 23, before United States Judge Meek.

H. L. Gamble of El Paso, attorney for the Mexicans, applied to Judge Meek for the writ after he had failed to obtain it in the western district, or from Judge Burns of the southern district.

The Mexican prisoners include men, women and children. They were driven across the Rio Grande by the rebels of northern Mexico. Most of them are refugees from Ojinaga.

Gamble said instructions were received at Fort Bliss from Washington to hold the refugees until further notice. This notice had not come, he said, and the Mexicans are tiring of their imprisonment. According to Gamble, the support of the prisoners is costing the American government $85,000 a month.

Nerve Grafting Is Latest Triumph.

London, March 18.—The Times reports the result of important nerve grafting experiments recently carried out by Professor Robert Kennedy of Glasgow, proving conclusively that a brain cell may be taught to perform separate functions. The possible applications of the discovery are very wide. For example, the nerves of a withered and useless limb, the function of which has been lost because of some injury or to disease of the brain, if connected to the nerve trunk leading to a healthy part of the organ, might again receive and convey stimuli.

King of Sweden Is Ill.

Stockholm, Sweden, March 18.—The condition of health of King Gustave is causing anxiety in court circles here. His majesty has found it necessary to curtail his stay in the country, where he went from Stockholm a few days ago. He returned hurriedly to the capital.

"The New Coats Are Charming"

THE SECOND AUTHORITATIVE STYLE ARTICLE BY

Mme. Jeanne Savarie

The Head Of The Wooltex Fashion Bureau in Paris

(Mme. Savarie's article yesterday told of the new suits, skirts and jackets. Today she tells of the new coats, the new materials and the new colors.)

New coats are of all kinds and descriptions. But most of them may be classed in one or the other of two chief divisions. One class includes coats that fall loosely from a shoulder-line yoke that is often continuous with the sleeves, either back or front or both. The other class has a hip-line belt or sash, sometimes all the way around the figure and sometimes but part of the way. The exetreme long waisted effects produced by these hip belts are becoming to all well-proportioned figures, and are certain to have great vogue.

Cords and tassels, new designs in pockets, and belts of many shapes and differing positions are features of the new coats.

Utility Sport and Casino Coats.

Sport coat is the name of a big class of slip-on coats which will be worn by all ages and for many more occasions than merely sport. The Wooltex sport coats are newly designed and offer a tempting, stylish garment for the woman who appreciates an easy-wearing, long lasting coat.

The casino coat is the inclusive name of another large class of coats. These are dressier than the sport coats. Often the casino coat is just as simple in design, although cut in different lines. But it is usually made of more elegant material. Like its less aristocratic sister, the sport coat, the province of the casino coat is wider than its name. Casino coats will be worn not alone by the thousands of young women and older women who will visit the casinos at the seashore, mountain and country resorts this coming summer, but also by thousands more who will be in need of a graceful and practicable wrap to wear over dresses afternoons and evenings in town.

And there are other coats, and still more coats, among them all-round useful motor and traveling coats.

The wise woman of today does not buy her clothes by mail. She wishes to see, examine and compare and try on before she decides what she will choose. So my chief reason in writing this is that I want you to be sure to see for yourself the garments I am telling you about. The Store That Sells Wooltex will show you the superb workmanship and style features in Wooltex Suits and Coats.

Among the Many New Materials.

Prominent among the new materials are many crepe weaves. Besides the new names there are new examples of staple favorites. For instance, so much serge is used in high grade tailor mades in Paris, that one fine variety goes by the name of Paquin serge. New goods also include ,besides the plain fabrics, many fine hair-line stripes and over-checks. There are solid checks also, both shepard and fancy. Among the jaunty suits which will be worn by stylish dressers are the "composed" suits in which the jacket is of plain material and the skirt of check.

New Colors With Unusual Names.

New shades are shown in all the colors, with many new names. But in Paris the new colors are called by one set of names. In America they are called something else. Much of the time new names are arbitrary, unmeaning, giving no hint of what the color really is unless one sees it. Tango, for example, is a silly name for an odd brick shade of red. This shade is widely offered in spring garments. Saule is a lovely willow green that is cool looking and very pretty. Pigskin is the homely name for an attractive light color that resembles leather goods made of pigskin. Wilhelmina is a new name for a Dutch shade of blue. Blues in many different shades will be prominent among the fashionable spring and summer goods.

Some of the blues are light, on the order of the favorite Copenhagen. The dark blue which the French call "bleu marine" appears in suits as well as coats. No color is more becoming, and there is no color of which one tires less than dark blue. Hence it is especially good choice for the economical minded.

Trimmings Are New and Varied.

New linings, both in plain and fancy warp prints, come in lovely shades to harmonize with new coatings and new suitings. Handsome buttons are the only trimmings on many garments. Some of these are illuminated effects in porcelain and glass. Others are of ivory, tortoise shell, and in combinations of these and other substances. The colors and shapes of the new buttons are strikingly artistic.

Tapestry trimmings will be much worn. Some in iridescent coloring are exceptionally rich looking, yet are subdued, not gaudy in their general effect. Embroideries which resemble superb hand-made laces form effective collars, cuffs, vests, etc. Some of these are varities of the many handsome new designs in ratines.

Yours for better dressing,
Jeanne Savarie,
Paris.

The Coats and Suits which Mme. Savarie describes, will be found in our Suit Section.

KILLING ROUSES THE ROYALISTS

Shout "Down With Republic" and "Long Live the King!"

FINANCE MINISTER QUITS POST

Resignation of One More Cabinet Member and Even of Whole Body Rumored as Result of Shooting. Labori Will Defend Mme. Caillaux.

Paris, March 18.—Not since the Dreyfus affair has any event in French history so stirred the French people as the shooting of Gaston Calmette, editor of Figaro, by Mme. Caillaux, the wife of the minister of finance. The immediate effect is a tense political situation, all the greater in view of the imminence of the elections.

M. Caillaux, broken in spirit, resigned from his post and the cabinet was subjected to several charges. The lobbies are seething with all sorts of reports and resignation of Ernest Monis, minister of marine, and even the whole cabinet, is rumored.

The most reliable opinion seems to indicate that while the elimination of M. Monis is possible, the resignation of the ministry is far from likely, the deputies being unanimous that the budget must pass before elections.

Boon to Opposition.

Among parliamentarians the affair is considered as a great and unexpected boon to the Anti-Republican party, which will not fail to exploit it to the utmost, with the object of discrediting the government at the elections.

The Royalists' association was called out by Leon Daudet, the leader. He mounted a table outside a well known boulevard cafe and harangued his followers, attacking M. Caillaux in violent terms to the accompaniment of shouts of "Down with the assassin Caillaux!"

A score were arrested and many were bruised in the scuffles.

Daudet made a second attempt to organize a demonstration, with the assistance of another royalist leader, Maurice Pujo, outside the Opera Comique. The two men were arrested after a sharp struggle.

M. Hennion, prefect of Paris, in command of a large body of police, harried the manifestants up and down the boulevard and finally scattered them, the royalists fleeing with shouts of "Down with the republic! Long live the king!"

Mme. Caillaux was visited by her husband, who spent nearly an hour in her company. She will be defended by M. Labori, the noted advocate.

BORAH JARS SUFFRAGISTS

Idaho Senator Says Women Are Unwise to Ask Nation for Ballot.

Washington, March 18.—After a vigorous defense of woman suffrage in the senate, Senator Borah (Ida.) shocked suffrage advocates on the floor and in the galleries by declaring that it was impractical and impossible to obtain the vote for women by a constitutional amendment. He predicted that after fifteen years of vain endeavor, the women would renew their abandoned request for the ballot before the people of the states, because in seeking an amendment to the federal constitution they had loaded themselves down with the negro question, the Japanese question and a dozen other state's right questions.

"You will never carry the required thirty-six states for a constitutional woman suffrage amendment," the senator said, "until you repeal the fifteenth amendment."

PLOT TO SEIZE ARSENAL

Kelleyites Planned Revolution, Declares Militia Report.

Sacramento, Cal., March 18.—In a remarkable report communicated to the war department in Washington Adjutant General Forbes of the national guard of California has given official cognizance to an alleged plan of "General" Kelley's unemployed army to seize the federal arsenal at Rock Island, Ill., in order to equip an army of 500,000 men with arms and ammunition for a revolution against the government.

General Forbes' report is based upon one made to him by Lieutenant Franklin Grimes of a Sacramento company of the state guard, who joined Kelley's army as a hobo some days ago, while acting as a spy on behalf of his chief.

Miller Shatters All Bowling Marks.

Buffalo, March 18.—William Millar of Detroit shattered all high marks in the American Bowling congress tournament, taking first place in the singles with a score of 675. Bowling with H. Ralston of Detroit, he also took the lead in the two-man events with a score of 1,238, and now leads "all events" with a total score of 1,897 for nine games. Miller bowled 248 in his first game, 204 in the second and 223 in the last game.

Adulterated Drugs Make Huge Bonfire

Washington, March 18.—Several tons of adulterated foods and drugs, gathered by the government's pure food guardians, made a monster bonfire here at the department of agriculture. The confiscated articles ranged from gallons of bad whisky to pounds of chewing gum.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

TRIBUTE TO IRISH

BY REV. FR. MACLEOD SHOULD MAKE OTHERS ENVIOUS.

THEY ARE GENTLEMEN

His Lecture, "The Legacy of Worth," Abounded in Keen Wit and Humor.

The Rev. Fr. MacLeod spoke a tribute of the Irish that should make other nationalities envious, at the Empire theatre Tuesday evening. He said that the Irishman is a gentleman the world over in every sense of the term and that it seemed to him that for decades the world had hurled everything that could be called bad at the Irish and yet they are the most gentlemanly gentlemen and the most womanly women you will find anywhere. He asked his audience individually to notice how many Irish women had fallen from chastity. He said that the time to teach our children the pathway of purity was from the cradle up and not wait until it had reached the age of maturity..

His lecture, "The Legacy of Worth," abounded in keen wit and humor and yet the greater part of it was of a serious nature. The lecture was built around the three principals suggested by the words, sacrifice, patient endurance and trust. Each sentence was laden with a message and carried conviction. The lecture merited a larger audience than that which greeted the speaker but the lack of numbers was attributed to the scarlet fever.

News of Society and Womens' Clubs

No Lodge Meeting.

On account of the Mayor's proclaimation in regard to the scarlet fever Alert Rebekah lodge will not hold its usual meeting.

Royal Neighbors Postponement.

The Royal Neighbors have indefinitely postponed their meeting for Thursday afternoon.

Postpone Class Party.

The class party for the W. W's. of the First M. E. Church Sunday School that was to have been given Saturday afternoon at the home of the teacher, Mrs. Emmet Scott, has been postponed indefinitely.

Their Guests for Lecture.

Mr. and Mrs. John Allen of Conception, came to Maryville Tuesday to hear Father MacLeod's lecture at the Empire theatre Tuesday night, also his sermon at St. Patrick's catholic church at 10 o'clock Tuesday morning commemorating St. Patrick's day. They were the guests at the home of Mr. Allen's sister, Mrs. William Doran, until Wednesday morning. They were accompanied home by Mr. Allen's niece Miss Katherine McAuliffe, of Huron, Kan., who had been visiting at the Doran home. She will also visit her sister, Mrs. Will Heekin, of Conception.

Miss Amy Young Married.

A newspaper of Carrington, N. D., contains the announcement of the marriage of Miss Amy Young, a daughter of Mr. and Mrs. Reuben Young, of Maryville, and Mr. Will H. Aiken, on February 4 last, at Carrington. Mr. Aiken is manager of the New Era Life Insurance company, with headquarters at Escanaba, Mich., and they will make their home there. Mrs. Aiken went to North Dakota four years ago and attended the business college at Fargo, and was employed in Carrington and Kenmare as a stenographer.

Surprise Party for Her.

Elizabeth Hillard, the three-year-old daughter of Mr. and Mrs. Albert Hillard, was very much surprised Tuesday evening, St. Patrick's day, when her grandmother, Mrs. Elizabeth Hillard, gave a surprise party for her at her home on South Mattie street, to observe her birthday anniversary. A number of Elizabeth's little friends who go to school, were at Mrs. Hillard's home to greet her upon her arrival. A lovely time was enjoyed by every one, the grandmother joining in the various games played. Popcorn and candy were served, when several presents were given Elizabeth, among them a pretty new dress, a pair of new shoes and beautiful hair ribbons. Some of those bidden to the party were afraid to come on account of the scarlet fever scare. Those present were Myrtle Frost, Vernie Kelley, Mattie Sharp and Mrs. John Sharp and her two children from Idaho, who are visiting here.

A Surprise on the Robinsons.

A very pleasant surprise was successfully planned and carried out Friday evening March 13, in honor of Mr. and Mrs. A. R. Robinson at their beautiful home five miles northeast of Maryville. The day was Mrs. Robinson's birthday anniversary, but was a complete surprise on both of them. Excellent music was given on violin and guitar by Roy and Louis Schulte, of Fort Madison, Ia., who are guests at the Stein home. Also Mr. and Mrs. Robinson gave several selections, both vocal and instrumental. Various games were played and a dainty luncheon was served at a late hour. The guests departed assuring Mr. and Mrs. Robinson that they had spent a very pleasant evening and wishing Mrs. Robinson many more happy anniversaries. The guests were Misses Cecile Fisher, Mabel Graham, Bertha Fanning, Jessie Fisher, Marie Sherlock, Clara Stein, Pearlina Fanning, Messrs. Francis Sherlock, Lewis Schulte, Ray Taylor, Will Stein, Roy Fanning, Roy Schulte, James Fisher and Fred Wrightman.

A Surprise Party.

The members of the Centenary Sunday School met and pleasantly surprised Mr. and Mrs. Thomas Walton and family Sunday, March 15. Soon after the young folks had arrived home from Sunday School and while their attention was given to their sister and family, who had come from Skidmore during their absence, about sixty of the Sunday School members drove into the yard with filled baskets and this was the first Mr. Walton's folks knew of their intentions. Those present were Mr. and Mrs. Thomas Walton and family, Mr. and Mrs. A. J. Cross and daughter, Mary, of Skidmore; Mr. and Mrs. N. B. Shrewsbury and son, Ralph; Mr. and Mrs. I. D. Tarpley and daughter, Lucile; W. A. Reed and family, Mr. and Mrs. F. C. Kelley, Mr. and Mrs. Sam McGinness and family, Mr. and Mrs. Lester Linville and son, Lee Douglas; Mr. and Mrs. Ed Sharp and family, Mr. and Mrs. Roy Slawson and daughter, Bessie Lee, Mr. and Mrs. Clarence Hammond and family, Mr. and Mrs. J. J. Thompson, Mr. and Mrs. W. D. McDonald and family, and the Misses Eula Strader, Sallie McDonald, Laura McDonald, Mary Woodward, Ora Lee Hammond, Litha Turpin, Mrs. Ellen Eslinger, Mrs. John Heaton, William Cole, of Elmo; and Elmer Davis, of Lower Elkhorn. This was one of the social gatherings for which Centenary is noted.

LIABLE TO LAW

THOSE WHO DO NOT REPORT THE CASES OF CONTAGIOUS DISEASES

SUBJECT TO PENALTY

Dr. Leslie Dean, County Physician, Says That He Has Found That Many Are Not Reported.

Dr. Leslie Dean, the county physician, when approached Tuesday by a reporter, in regard to the scarlet fever scare, said that in the past three months he had between fifty and seventy-five cases of scarlet fever reported to him from the south and east part of the county, which he has visited at regular periods to perform his duties in regard to them.

In the last few days, however, he has found tha there are probably as many cases as he attended to that were not reported to him, the families evidently preferring to keep their affliction to themselves to escape quarentine. These parties are not aware of the fact, of course, that they are placing themselves liable to the law in not reporting such cases to the county or the city physician, that the public may be protected and the patient receive the proper care. Physicians and school teachers are especially required by the state board of health to report all contagious diseases they know of.

BRADLEY FUNERAL TUESDAY.

Brief Services Held at 2:30 in the Afternoon in Miriam Cemetery by the Rev. S. D. Harkness.

A brief private funeral service was eld in Miriam cemetery at 2:30 o'clock Tuesday afternoon for Mrs. Glade Bradley, who died Monday morning of scarlet fever. Rev. S. D. Harkness, of the First Presbyterian church, conducted the service.

Only the members of the family were present. J. A. Ford, the father of Mrs. Bradley, arrived from St. Louis Tuesday morning in response to the message sent him and her brother, Harold Ford, came in from Chicago.

Came to Hear Father MacLeod.

McQuinn, of Conception and Charles Holker, of Hopkins, attended the lecture given Tuesday evening at the Empire theatre by Rev. Father MacLeod, of Norborne, Mo. The three ministers of the party were guests Tuesday night at the home of Rev. Father Willibrord, of St. Mary's church

Bedford Guest Leaves.

Mrs. J. H. Carmichael, of near Pickering, and her mother, Mrs. Julia Hart, came to Maryville Tuesday morning for a two days' visit with Mrs. Hart's daughter, Mrs. Hattie Hogue. They were accompanied by Mrs. Hart's granddaughter, Miss Blanche Hart, of Bedford, who left for her home Tuesday noon after a week's visit.

Sues on Note.

W. C. Aldrich, through his attorneys, Shinabargar, Blagg & Ellison, brought suit against O. E. and Fannie H. Bradley on a note for $335. He claims $150 was paid on the note in November, 1913 and that the balance is past due. The case will come up in the April term of court.

Appeal Case to Circuit Court.

The case of Charles Reed vs. Samuel Kime, which was recently tried before Charles C. Tebow, pustice of the peace of Jackson township, was appealed to the circuit court. It is a case over an ccount. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff.

Meetings at Mt. Pleasant.

A successful meeting is being held at Mt. Pleasant church northwest of Pickering conducted by Rev. N. E. Bottome, the pastor. The attendance and interest are excellent.

Mrs. Lafe Allender and son, of Atlantic, Iowa, are the guests of her parents, Dr. and Mrs. William Wallis, Sr.

Mrs. A. C. Thompson and daughters, Mrs. George Cole and Mrs. Brice Wilson, of Barnard, were Maryville visitors Tuesday.

Mrs. L. R. Holt and son, James Shearer, left Wednesday morning on a visit at Vinita, Ok.

Mrs. Fred Kaelson, of St. Joseph, returned home Monday evening after a week's visit with her sister, Mrs. R. E. Allen.

ONLY ONE NEW CASE

ALL OF THEM ARE MILD CASES OF SCARLET FEVER

PUBLIC PLACES CLOSED

All Church Services to be Put Off—Four Families in the City Under Quarantine.

There is only one new case of scarlet fever in the city, being reported late Tuesday afternoon to city physician, Frank C. Wallis. It is the case of Forest Gooden, son of Mr. and Mrs. Cooper Gooden, on east First street. The family has been quarantined. There were no new cases reported up to press time this afternoon and it is thought that with taking the necessary precautions that the scare will soon be over.

Three other families in the city are under quarantine. They are John Gray, Bert Harrison and M. H. Pearson. Dennis Morrissey, who lives near the city, is also quarantined.

All of the cases seem to be mild and none of the patients are in a critical condition.

The Central school building and the Jefferson ward school building will be fumigated Thursday, so the school board decided at a meeting Tuesday night. The Garfield and Franklin schools were fumigated last week.

The public library commencing today will remain open but will not receive or let out books during the scarlet fever scare.

All public meetings, the picture theatres and other meetings, will be closed for a period of ten days or until such a time as in the opinion of the city physician the places may be opened without endangering the public health.

Every precaution is being taken that is necessary and there is no danger whatsoever for the traveling public in passing in and out of our city.

There will be no prayer meetings this Wednesday night at any of the churches, and no other meetings pertaining to church affairs will be held until such a time as Mayor Robey sees fit to release our citizens from their obligation in this matter. This statement comes from Rev. S. D. Harkness of the ministerial alliance.

President Richardson and Professor Rickenbrode, of the Normal, went to St. Joseph Wednesday morning to attend the board of regents meeting, and it will be known tomorrow what action was taken by the board in regard to closing the school. At present the students are receiving their lesson assignments individually and studying their lessons at their homes, in order to keep up with the schedule.

The quarantine has been lifted from the home of Jim Andy Ford, whose daughter, Mrs. Glade Bradley, died of scarlet fever Monday morning following a week's illness. It was not known that she had the fever until last Thursday evening. The house has been thoroughly fumigated and everything done in regard to clothing and bedding as is done when a case is pronounced cured.

Professor R. L. Denning, of St. Joseph, visited in Maryville Sunday and Monday with his parents, Mr. and Mrs. David L. Denning. Mrs. Denning, who had been here several days accompanied him home.

Miss Leola Frede, Miss Ora LeGrand, Miss Verna Cort, Miss Lois Wiley, all out of town high school students, went to their homes Tuesday on account of the closing of the schools.

Jesse and Estil Beaver, of Burlington Junction, were in Maryville Wednesday.

"TIZ" FIXED MY SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning feet of yours in a "TIZ" bath. Your toes will wiggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel all tired out—just try "TIZ." It's grand—Your feet will dance with joy; no more pain in corns, callouses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store, don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Died at Clearmont.

O. G. Baughman, of Clearmont, who was for several years the station agent for the Burlington railway at that place, died Tuesday evening following a ten days' illness of uremic poisoning He was 63 years old and had lived in Clearmont 25 years. The funeral services will be held Friday afternoon at the M. E. Church. Mr. Baughman is survived by his wife and a daughter, Miss Mina. He had been in the restaurant business in Clearmont for several years past.

Burlington Junction Man Dead.

David Oldham, of near Burlington Junction died Thursday afternoon. He was a bachelor and lived with his mother and two brothers. The funeral services were held Wednesday afternoon.

Mission Circle Postponed.

The Mission Circle of the First Christian church, which was to meet Saturday, March 21, at the home of Mrs. Albert Swann, has been postponed until their regular meeting in April, in which the March and April programs will be combined. The April meeting will be held with Mrs. George P. Wright.

WILSON O. K.'S TRUST BILLS

President Approves Substance of Four Measures Submitted.

Washington, March 17.—At a conference with the house judiciary subcommittee on trusts, President Wilson put the stamp of administration approval on the substance of the four bills to amend the anti-trust laws, to strength the Sherman law, covering interlocking directorates, holding companies, trade relations and definitions of restraints of trade. The bill will be reported to the house within a fortnight. The bills were submitted in a practically final form.

President Wilson indicated his belief that it would be better to consolidate all the bills into one in order to expedite legislation. The senate interstate commerce committee is understood to favor consolidation. That it will be effected by the house judiciary committee seems practically certain.

The president insisted that personal guilt of individuals in control of corporations should be prescribed in every bill in order to break up the evils that have grown up under the present anti-trust laws. The committee will revise the bills with this in view.

MARTIAL LAW ALONG BORDER

Proclaimed as Result of Raid at Tecate, Cal.

THREE MEXICANS THE SLAYERS

United States Currency and Three Other Brands of Money Circulate in Territory Controlled by the Constitutionalists.

San Diego, Cal., March 17.—Martial law has been proclaimed along the border for miles each side of Tecate, Cal., following the destruction by fire of the general store containing the United States postoffice and customs office and the murder of Frank Johnston by three men declared to be Mexicans.

Every man within a radius of ten miles of Tecate is fully armed and rifles and ammunition have been ordered from this city.

Governor Hiram W. Johnson was asked to make a formal demand upon Governor Vasquez of Lower California for the delivery of the Mexicans suspected of having killed Johnston.

Anti-Mexican feeling is aroused to fever heat in the vicinity of Tecate.

Rebel Force Routed With Heavy Loss.

Laredo, Tex., March 17.—Decisive defeat of a column of constitutionalist troops, en route, it is believed, to take part in the proposed attack on Monterey, Mexico, at Bustamente canyon, is reported in official advices received at federal headquarters at Nuevo Laredo. The rebels were utterly routed, according to the dispatch, with a loss of about 500 men killed, captured or wounded. The federal losses was not stated. Bustamente canyon is about midway between Laredo and Monterey.

Four Kinds of Money.

Douglas, Ariz., March 17.—Four kinds of money are circulating now in the Mexican territory controlled by the constitutionalists. These are United States currency, the fiat issues of the constitutionalist government, Sonora state and "Villa money," or that issued by Chihuahua at the instance of the rebel military commander. United States money takes precedence in value.

None Apprehended.

Washington, March 17.—Members of a Mexican railroad construction gang killed Postmaster Frank V. Johnston and burned the postoffice at Tecate, Cal., according to a report to the war department. None of the men has been apprehended.

CANADA WILL CUT DUTY

Reduction on Farm Implements May Go Into Effect April 1.

Winnipeg, March 17.—It was reported here that the Canadian government, when the annual budget speech is delivered this month in Ottawa, will announce a substantial reduction in duties on agricultural implements. It is understood the duty on binders, reapers and mowers will be reduced from 17½ to 10 per cent, and a corresponding cut made in duties on other farm implements. Strong pressure is being brought to bear on the government to make a duty of 10 per cent on all farm implements. The reduction, if ratified, will go into effect April 1, and will greatly encourage the sale of United States implements in western Canada.

WRECK PROBERS DISAGREE

Men Investigating Monroe Disaster Each Blames Different Captain.

Philadelphia, March 17.—The board of steamboat inspectors rendered a divided opinion in the trial of Captain Osmyn Berry, charged with negligence in the collision with the steamer Monroe, in which forty-one persons lost their lives. One member of the board exonerated Captain Berry and found Captain Edward E. Johnson of the Monroe guilty of "incompetency, negligence and inattention to duty." The other member of the board found Berry guilty, as charged, and recommended that his license be revoked.

The next move in the case will have to be taken by the department of commerce in Washington.

Thirtieth Body Taken from Clubhouse.

St. Louis, March 17.—The thirtieth and what is believed to be the last body was removed from the ruins of the Missouri Athletic club. The body was identified as that of William A. Hunicke, a civil engineer. The bodies of Mark Hammer of St. Louis and Thomas E. Shyne, a typewriter salesman, were identified.

Doctor Knocks Down Suffragette.

Glasgow, Scotland, March 17.—Dr James Devon, prison commissioner for Scotland, when attacked by an irate militant suffragette armed with a dog whip, took the law in his own hands and knocked his assailant down with a well aimed lefthand blow.

Henry Dorman, 115 Years Old, Dies.

Liberal, Mo., March 17.—Henry Dorman, 115 years old, died at his home here. He served in both the Mexican war and the civil war. Family records showed he was born in Steuben county, New York, Jan. 10, 1799.

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or if Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

SECOND DISASTER AT ST. LOUIS

Wall of Club House Ruins Falls Through Building.

St. Louis, March 18.—Carried down by a thirty-mile wind, the west wall of the Missouri Athletic club building, which was destroyyed by a fire in which thirty persons lost their lives a week ago, crashed through a four-story building occupied by the St. Louis Seed company.

The bodies of three men have been removed from the debris, the body of a woman still was believed to be buried under the wreckage, twelve persons were injured and several workmen who were in the building just before the collapse are still unaccounted for.

The dead: William Davidson, C. R. Gryder and an unidentified man.

BAGGAGE AGENTS MEET

Try to Hasten Day When Trunk Smasher Is No More.

Kansas City, March 18.—The traveler's trunk may soon be delivered at its destination whole and bearing a minimum number of dents if discussions begun before a two days' conference of the Western Association of General Baggage Agents here have the desired effect. Primarily it is the problem of how to avoid damage claims and improve the service that brings together the general baggage agents of most of the railroads west of Chicago.

George L. Alley, general baggage agent of the Union Pacific at Omaha, who presided over the meeting, said the old-fashioned baggage smasher who took delight in wrecking trunks had gone to join the dodo and other extinct animals, but that despite this there still remained room for improvement in the baggage service.

FRAIL W AKLY CHILD

Made Strong by Vinol.

So many cases like this are coming to our attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter:

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

This is because the child needed the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Jackson---First Among Comfortable Cars and Why

The big demand of the year, as you know, is for comfort.

The Jackson, as you also know, has always been a comfortable car.

So we believe we are justified in saying that this year, more than ever before, the Jackson stands first among such cars.

It is natural that it should, because of our long experience in designing cars for comfort as well as for the other essentials.

This experience covers eleven years, as applied to the automobile; and reaches two decades farther back, into the carriage industry.

There we learned the value of full elliptic springs—so we use four on every Jackson model.

There we learned that high seat backs and soft cushions are easiest riding; so Jackson seat backs are shoulder high, the cushions 10 inches thick and inclined a bit toward the rear.

Long wheelbases have been Jackson features for years. They make a car ride easily. So do large wheels and tires.

Just the right weight and its correct distribution, enough power and a reserve; a silent power plant, and driving mechanism highly perfected.

These are some of the things our engineers contribute to the comfort of Jackson cars.

Self-starters, electric lights, demountable rims—with their convenience — and the last touch to complete the satisfaction of Jackson ownership.

We shall be glad to demonstrate all these features for you if you will write us or call at our garage.

MRS. GOELET IS GRANTED DIVORCE

Society Woman Alleges Cruel and Abusive Treatment.

Newport, R. I., March 18.—On the ground of cruel and abusive treatment, Mrs. Elsie Whalen Goelet, prominent in society circles of New York and this city, was granted a divorce from Robert Goelet. By mutual agreement, the terms of which were not made public, both are to have the custody of their older son, Ogden, aged six years. The mother is to keep Peter, aged two years, their only other child, until he is six years old, when she is to share the custody of the child with the father.

Neither Mr. nor Mrs. Goelet was in court and the suit was uncontested. All the testimony was by depositions, which were read in tones so low as to be barely audible.

REPORT ON RAIL ACCIDENTS

Material Decrease Shown in Number Killed in Train Mishaps.

Washington, March 18.—A decrease in the number of train accidents and in the number of people killed and injured in such accidents was shown by the interstate commerce commission bulletin for the quarter ending Sept. 30, 1913.

During the quarter, 211 were killed and 4,011 injured in train accidents, a decrease, as compared with the corresponding quarter of 1912, of seventy-seven killed and 587 injured.

An increase of 135 killed and of 1,904 injured was shown in "other than train accidents," including accidents to employees while at work, to passengers getting on or off cars, to trespassers and others, the total being 2,830 killed and 19,753 injured.

HOT FIGHTING AT ESCALON

Federals Meet Rebel Army 100 Miles North of Torreon.

GENERAL VILLA HARD PRESSED

Bare Facts of Important Engagement Contained in Telegram of Fifteen Words to Juarez—Battle Waged All Day Long.

Juarez, Meixco, March 18.—Furious fighting, with the rebels hard pressed, is reported here. A force of federals is said to have met General Villa's army at Escalon, an important railroad town 100 miles north of Torreon, and both sides having been reinforced, the battle is said to have raged fiercely all day.

It is reported that the federals, whose numbers are not known, moved out of Torreon in two detachments, pursuant to orders from Huerta.

One detachment is said to have moved over the plains west of the railroad, with the mountains between it and the road, while the main body went directly by rail to Escalon. The eastern detachment evidently was trying to get in General Villa's rear, as it was moving in the direction of Jiminez, which is fifty-five miles north of Escalon.

General Urbina of the constitutionalists had been posted at Rosario, to guard against just such strategy, and is said to have encountered the advance guard of the federals at or near that city, which is about ten miles west of Jiminez.

He is said to have been outnumbered and to have telegraphed in an alarm for more men and artillery.

The main battle at Escalon, apparently nicely timed by General Villasco, the federal commander, to occur after reinforcements had been detached to assist General Urbina, is believed to have begun.

No details are available. The bare facts of an important engagement were contained in a telegram of only fifteen words.

The Saragoza brigade of 1,300 veterans, under General Aguirre Benavides, encountered the federals at Escalon and is reported to have been pressed back. This is believed to account for the sudden departure from Chihuahua of General Francisco Villa, the rebel commander in chief. He gave his staff one hour's notice and then departed on a special train.

It is assumed that General Villa brought up reinforcements and that the battle was renewed with increased vigor.

The rebel troops have been moving south from Juarez and Chihuahua and closing in from other directions for a month. Rebel leaders have laid claim to as high as 25,000 men, but 12,000 is regarded as a closer estimate.

Refugees from Torreon in the last two weeks have placed the federal force under General Villasco at 7,000 to 9,000.

WRIT GRANTED PRISONERS

Case of Mexicans at Fort Bliss to Be Argued March 23.

Fort Worth, Tex., March 18.—Judge Edward Meek, in the federal district court here, granted a writ of habeas corpus on behalf of the 5,000 Mexicans held as prisoners by the United States government at Fort Bliss, El Paso.

The writ is returnable at Pecos, Tex., March 23, before United States Judge Meek.

H. L. Gamble of El Paso, attorney for the Mexicans, applied to Judge Meek for the writ after he had failed to obtain it in the western district, or from Judge Burns of the southern district.

The Mexican prisoners include men, women and children. They were driven across the Rio Grande by the rebels of northern Mexico. Most of them are refugees from Ojinaga.

Gamble said instructions were received at Fort Bliss from Washington to hold the refugees until further notice. This notice had not come, he said, and the Mexicans are tiring of their imprisonment. According to Gamble, the support of the prisoners is costing the American government $85,000 a month.

Nerve Grafting Is Latest Triumph.

London, March 18.—The Times reports the result of important nerve grafting experiments recently carried out by Professor Robert Kennedy of Glasgow, proving conclusively that a brain cell may be taught to perform separate functions. The possible applications of the discovery are very wide. For example, the nerves of a withered and useless limb, the function of which has been lost because of some injury or to disease of the brain, if connected to the nerve trunk leading to a healthy part of the organ, might again receive and convey stimuli.

King of Sweden Is Ill.

Stockholm, Sweden, March 18.—The condition of health of King Gustave is causing anxiety in court circles here. His majesty has found it necessary to curtail his stay in the country, where he went from Stockholm a few days ago. He returned hurriedly to the capital.

"The New Coats Are Charming"

THE SECOND AUTHORITATIVE STYLE ARTICLE BY

Mme. Jeanne Savarie

The Head Of The Wooltex Fashion Bureau in Paris

(Mme. Savarie's article yesterday told of the new suits, skirts and jackets. Today she tells of the new coats, the new materials and the new colors.)

New coats are of all kinds and descriptions. But most of them may be classed in one or the other of two chief divisions. One class includes coats that fall loosely from a shoulder-line yoke that is often continuous with the sleeves, either back or front or both. The other class has a hip-line belt or sash, sometimes all the way around the figure and sometimes but part of the way. The exetreme long waisted effects produced by these hip belts are becoming to all well-proportioned figures, and are certain to have great vogue.

Cords and tassels, new designs in pockets, and belts of many shapes and differing positions are features of the new coats.

Utility Sport and Casino Coats.

Sport coat is the name of a big class of slip-on coats which will be worn by all ages and for many more occasions than merely sport. The Wooltex sport coats are newly designed and offer a tempting, stylish garment for the woman who appreciates an easy-wearing, long lasting coat.

The casino coat is the inclusive name of another large class of coats. These are dressier than the sport coats. Often the casino coat is just as simple in design, although cut in different lines. But it is usually made of more elegant material. Like its less aristocratic sister, the sport coat, the province of the casino coat is wider than its name. Casino coats will be worn not alone by the thousands of young women and older women who will visit the casinos at the seashore, mountain and country resorts this coming summer, but also by thousands more who will be in need of a graceful and practicable wrap to wear over dresses afternoons and evenings in town.

And there are other coats, and still more coats, among them all-round useful motor and traveling coats.

The wise woman of today does not buy her clothes by mail. She wishes to see, examine and compare and try on before she decides what she will choose. So my chief reason in writing this is that I want you to be sure to see for yourself the garments I am telling you about. The Store That Sells Wooltex will show you the superb workmanship and style features in Wooltex Suits and Coats.

Among the Many New Materials.

Prominent among the new materials are many crepe weaves. Besides the new names there are new examples of staple favorites. For instance, so much serge is used in high grade tailor mades in Paris, that one fine variety goes by the name of Paquin serge. New goods also include ,besides the plain fabrics, many fine hair-line stripes and over-checks. There are solid checks also, both shepard and fancy. Among the jaunty suits which will be worn by stylish dressers are the "composed" suits in which the jacket is of plain material and the skirt of check.

New Colors With Unusual Names.

New shades are shown in all the colors, with many new names. But in Paris the new colors are called by one set of names. In America they are called something else. Much of the time new names are arbitrary, unmeaning, giving no hint of what the color really is unless one sees it. Tango, for example, is a silly name for an odd brick shade of red. This shade is widely offered in spring garments. Saule is a lovely willow green that is cool looking and very pretty. Pigskin is the homely name for an attractive light color that resembles leather goods made of pigskin. Wilhelmina is a new name for a Dutch shade of blue. Blues in many different shades will be prominent among the fashionable spring and summer goods.

Some of the blues are light, on the order of the favorite Copenhagen. The dark blue which the French call "bleu marine" appears in suits as well as coats. No color is more becoming, and there is no color of which one tires less than dark blue. Hence it is especially good choice for the economical minded.

Trimmings Are New and Varied.

New linings, both in plain and fancy warp prints, come in lovely shades to harmonize with new coatings and new suitings. Handsome buttons are the only trimmings on many garments. Some of these are illuminated effects in porcelain and glass. Others are of ivory, tortoise shell, and in combinations of these and other substances. The colors and shapes of the new buttons are strikingly artistic.

Tapestry trimmings will be much worn. Some in iridescent coloring are exceptionally rich looking, yet are subdued, not gaudy in their general effect. Embroideries which resemble superb hand-made laces form effective collars, cuffs, vests, etc. Some of these are varities of the many handsome new designs in ratines.

Yours for better dressing,
Jeanne Savarie,
Paris.

Wooltex Suits and Coats

Wooltex suits and coats can only be obtained in Maryville at this store—"The Store That Sells Wooltex."

Wooltex Model 8
Price $20.00

A refined, original coat style. Note stitched line across the bust which terminates in the cuff at the kimono sleeve. Each cuff is trimmed with buttons and buttonhole. Coat buttons with two straps with loops attached. The distinguishing feature of this coat is the back, which has a broad, shaped belt, trimmed with a single button and buttonhole, which holds the umbrella effect correctly by two box plaits in the middle of the back.

KILLING ROUSES THE ROYALISTS

Shout "Down With Republic" and "Long Live the King!"

FINANCE MINISTER QUITS POST

Resignation of One More Cabinet Member and Even of Whole Body Rumored as Result of Shooting. Labori Will Defend Mme. Caillaux.

Paris, March 18.—Not since the Dreyfus affair has any event in French history so stirred the French people as the shooting of Gaston Calmette, editor of Figaro, by Mme. Caillaux, the wife of the minister of finance. The immediate effect is a tense political situation, all the greater in view of the imminence of the elections.

M. Caillaux, broken in spirit, resigned from his post and the cabinet was subjected to several charges. The lobbies are seething with all sorts of reports and resignation of Ernest Monis, minister of marine, and even the whole cabinet, is rumored.

The most reliable opinion seems to indicate that while the elimination of M. Monis is possible, the resignation of the ministry is far from likely, the deputies being unanimous that the budget must pass before elections.

Boon to Opposition.

Among parliamentarians the affair is considered as a great and unexpected boon to the Anti-Republican party, which will not fail to exploit it to the utmost, with the object of discrediting the government at the elections.

The Royalists' association was called out by Leon Daudet, the leader. He mounted a table outside a well known boulevard cafe and harangued his followers, attacking M. Caillaux in violent terms to the accompaniment of shouts of "Down with the assassin Caillaux!"

A score were arrested and many were bruised in the scuffles.

Daudet made a second attempt to organize a demonstration, with the assistance of another royalist leader, Maurice Pujo, outside the Opera Comique. The two men were arrested after a sharp struggle.

M. Hennion, prefect of Paris, in command of a large body of police, harried the manifestants up and down the boulevard and finally scattered them, the royalists fleeing with shouts of "Down with the republic! Long live the king!"

Mme. Caillaux was visited by her husband, who spent nearly an hour in her company. She will be defended by M. Labori, the noted advocate.

BORAH JARS SUFFRAGISTS

Idaho Senator Says Women Are Unwise to Ask Nation for Ballot.

Washington, March 18.—After a vigorous defense of woman suffrage in the senate, Senator Borah (Ida.) shocked suffrage advocates on the floor and in the galleries by declaring that it was impractical and impossible to obtain the vote for women by a constitutional amendment. He predicted that after fifteen years of vain endeavor, the women would renew their abandoned request for the ballot before the people of the states, because in seeking an amendment to the federal constitution they had loaded themselves down with the negro question, the Japanese question and a dozen other state's right questions.

"You will never carry the required thirty-six states for a constitutional woman suffrage amendment," the senator said, "until you repeal the fifteenth amendment."

PLOT TO SEIZE ARSENAL

Kelleyites Planned Revolution, Declares Militia Report.

Sacramento, Cal., March 18.—In a remarkable report communicated to the war department in Washington Adjutant General Forbes of the national guard of California has given official cognizance to an alleged plan of "General" Kelley's unemployed army to seize the federal arsenal at Rock Island, Ill., in order to equip an army of 500,000 men with arms and ammunition for a revolution against the government.

General Forbes' report is based upon one made to him by Lieutenant Franklin Grimes of a Sacramento company of the state guard, who joined Kelley's army as a hobo some days ago, while acting as a spy on behalf of his chief.

Miller Shatters All Bowling Marks.

Buffalo, March 18.—William Millar of Detroit shattered all high marks in the American Bowling congress tournament, taking first place in the singles with a score of 675. Bowling with H. Ralston of Detroit, he also took the lead in the two-man events with a score of 1,238, and now leads "all events" with a total score of 1,897 for nine games. Miller bowled 248 in his first game, 204 in the second and 223 in the last game.

Adulterated Drugs Make Huge Bonfire

Washington, March 18.—Several tons of adulterated foods and drugs, gathered by the government's pure food guardians, made a monster bonfire here at the department of agriculture. The confiscated articles ranged from gallons of bad whisky to pounds of chewing gum.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.
